The progress of the Malnad Improvement Works during the month of May 1914 in the Shimoga District is detailed below.

I. Meeting.

The third meeting of the Malnad Improvement Committee for this District was held on the 29th May 1914.

II. Executive Staff.

Of the 7 Overseers sanctioned for this District, only one joined duty during the month in addition to the one who had joined in April, and he was deputed to work under the Special Sanitary Officer, Shimoga District, as resolved by the Committee at the second meeting held in April last,

III. The measures undertaken by the Committee for execution fall under the following heads.

i. Removal of rank vegetation and small trees in and around villages.

With regard to this, the Committee have resolved to get the pest of lentana and other wild growth removed for the present in 19 villages in the District.

The Special Sanitary Officer, as resolved by the Committee, is requested to make sanitary survey of these villages and send in a report on various points improvements needed in the above villages. On receipt of the same, necessary action will be taken.

ii. Providing wells for drinking purposes.

For the present the Committee have resolved to provide 10 wells in the malnad taluks.

The Sanitary Officer has been requested to select sites for the wells to be sunk and on receipt of his report and complete organisation of the executive staff, necessary estimates will be got prepared and works taken up in hand.

iii. Affording facilities to house builders.

In the matter of affording facilities to obtain timber for building purposes within reasonable distance from villages, the Committee have passed resolution that persons

whether agriculturists or not, who wish to abandon their present unhealthy dwellings and shift to approved localities, should be granted timber free of seigniorage from the District Forests assigned to the villages and at concession rates i.e. at the same rates as under the malnad ryots' privileges' rules where Districts Forests do not exist, from State Forests.

It has also been resolved that in this connection, that loans should be given on certain favourable conditions to persons who build new houses or sink wells on approved sites.

Necessary reference will be made to Government in consultation with the department concerned to amend the ^{existing} Malnad Ryots Privileges' Rules so as to admit of the above concessions being extended to them.

IV. Improvement of drainage.

The sanitary survey of the 19 villages selected is being done by the Special Sanitary Officer and when his report is received, along with the ^{removal of} rank vegetation ^{also} steps will be taken to improve the drainage of the villages ^{also}.

V. Encouraging the people to build their cattle sheds away from dwelling houses.

Under this head all that can be done is to persuade people to keep cattle out of their dwellings. With a view to this, it was resolved and made known that those who wish to build cattle sheds away from their houses, would be given facilities to get necessary materials free of cost.

VI. Spreading sound ideas among the people by means of leaflets

The Committee have resolved to buy 6000 copies of a leaflet on Malaria and its prevention written by Mr. Guru Rao, Sub Assistant Surgeon of Birur and distribute them among the ~~the~~ villagers. An order has been given for the supply of the required number of copies. Immediately on receipt, they will be distributed among the people.

In accordance with the resolution of the Committee, ^{re} the ~~the~~ dis-

~~the~~ the

7

distribution ^{of quinine} among the malnad villagers through the agency of the Revenue Officers, School Masters etc, the Senior Surgeon in charge of the Medical Stores has been requested to supply 10,000 packets each of 10 and 5 grains and on their receipt, they will be sent to the Taluks for distribution to the malarially affected persons.
